Ivan Remembered is an exhibition that commemorates the tenth anniversary of Hurricane Ivan. NGCI curator Natalie Urquhart will work with photographers Courtney Platt and David Wolfe, whose stunning photos of the aftermath of the storm featured in NGCI's 2004 exhibition *Emergence*. The exhibition will consist of 24+ fine art photographs, interspersed with quotes from the public remembering their experiences – both challenging and uplifting – during and after Hurricane Ivan. A short film, created by NGCI and Monster Media as part of *Emergence* and featuring well-known local artists, will also be featured. The development and mounting of the exhibition will also form part of the NGCI Summer Internship programme, which enables student artists and curators to gain hands-on experience of art exhibition development by working alongside an NGCI curator. **An opening reception will be held on Saturday, 6 September 2014 from 6:00 PM - 8:00 PM.**

***Trouble the Water* (2008, 96min) Rated NC16**

Documentary – Film show times 26 September 5:30 PM and 7:30 PM, National Gallery Auditorium

A film documentary based on the events and aftermath of Hurricane Katrina, *Trouble the Water* tells the story of hurricane destruction from the inside out. A New Orleans couple documents their surroundings before, during and after one of the most destructive hurricanes ever to hit the United States. A 2008 Academy Award nominee for Best Documentary, this film is alarmingly honest in its depiction of the disaster, but is also ultimately uplifting. With dramatic real-time footage, a terrific human component and exhilarating moments of reunion, *Trouble the Water* is a must-watch.
