Our broad perspective, practical approach and international experience allow us to offer clients a unique insight into IP issues internationally.

The success and growth of our firm is due to our keen understanding of our clients' needs for a comprehensive "one-stop shop" which encompasses a wide range of services from the initial consultation process to searches, registrations, annuity payments and monitoring and renewals. Our interactive database helps us to proactively manage each client's portfolio efficiently and cost-effectively in an environmentally friendly and substantially paperless workplace.
