

# Horacio Esteban: Alchemy

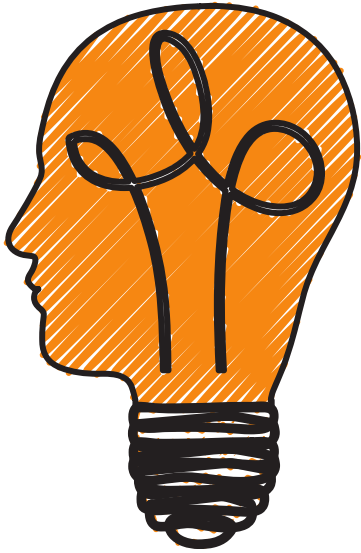

## Activity Sheet

NAME: .....

NATIONAL  
GALLERY

## Memory Game

Find the "Jurassic Forest". Take a few minutes to look at the sculptures in this section - start by looking at the wall to your left, and make your way around the whole room.

Now go to an area outside of the room so you can't see the sculptures. Without peeking, can you name 3 insects/ animals you saw displayed in the room? What materials were they made from? Do you think they real animals or imaginary ones?

---

---

---

Draw the 3 creatures you wrote down in 30 seconds or less..

Time yourself!

A large empty square box with a brown border, intended for drawing a creature.A large empty square box with a brown border, intended for drawing a creature.A large empty square box with a brown border, intended for drawing a creature.

# Write in Response

Find this artwork in the exhibit. Can you use 5 words to describe it?

---

---

---

---

---

# Natural Materials

The artist, Horacio Esteban used a lot of natural materials and objects he found right here in Cayman to create his artworks!

Have you found any natural objects in Cayman that were beautiful or interesting? What were they?

---

---

---

Where did you find them?

---

---

---

Why did you find them interesting? Did they have an interesting shape, texture or colour?

---

---

---

If you were to make your own artwork using those objects, what would you make?

---

---

---

Imagine you are an explorer.

Draw a picture of what your study would look like in the box down below.

What objects are in it? What natural objects would you collect? Is your study messy or tidy? What colours would the walls be? Would you have a lot of books or equipment on your desk?
