

TimeBack

Workbook for ages 7+

IN THIS WORKBOOK

Let's explore the temporary exhibition, *TimeBack*.

In this room you will discover historic photographs that showcase the history, heritage and culture of the Cayman Islands through the camera lens.

You will see scenes from Cayman's past, including family life, community events, the natural landscape and traditional architecture.

Let's begin!

Photographing on Film

Film is a flexible, transparent roll of light-sensitive modified plastic used to capture images in photography.

Film has to be 'developed' in a room without light called a 'darkroom' to enlarge and print photographs manually.
